    },  
    {  
      "id": "ex67890",  
      "name": "Grand Jeté",  
      "category": "Jumps"  
    }  
  ]  
}
```

Error Response(404, 500)

“Exercise not found”

“Error retrieving favorites”

*POST /users/{id}/favorites

Body

- exerciseld

Request body

```
{  
  "exerciseld": "ex12345"  
}
```

Succes Response(201)

```
{  
  "message": "Exercise added to favorites."  
}
```

Error Response(400, 404, 500)

“Exercise already in favorites.”

“User or exercise not found.”

“Could not add favorite.”

*POST /users/login (MAYBE)

Body:

- email
- password

Request body

```
{  
  "email": "user@example.com",  
  "password": "mypassword123"  
}
```

Succes Response(200)

```
{  
  "message": "Login successful.",  
  "token": "jwt.token.value"  
}
```

Error Response(401, 404)

“Invalid credentials.”

“User not found.”

*POST /users/register (MAYBE)

Body:

- username
- email
- password

Request body

```
{  
  "username": "balletlover",  
  "email": "user@example.com",  
  "password": "mypassword123"  
}
```

Succes Response(201)

```
{  
  "message": "User registered successfully.",  
  "userId": "user5678"  
}
```

Error Response(400, 409, 500)

“Missing required fields.”

“Email already in use.”

“Error registering user.”

*DELETE /users/{id}/favorites/{exerciseId}

Succes Response(200)

```
{  
    "message": "Exercise removed from favorites."  
}
```
